1 Bobbin of Hooplayarn colours of your choice.

Make a chain of 12 stitches, then turn back on yourself going through each stitch with 1 hoop in a continuous circle for 13 rows.

On the 14th row after the first 6 stitches make a chain of 16 stitches for the handle by missing 10 stitches from 13<sup>th</sup> row and carry on till you reach the other side to make the second handle and finish the 15<sup>th</sup> row.
